

FREEDOM IN CHRIST

Freedom Appointment Confidential Life Review

The Confidential Life Review (CLR) is a tool to help you think about and remember the home life and environment you were raised in, including any struggles you are currently experiencing. Take time to consider your answers to each item prayerfully. Allow God to bring clarity to vague or distant memories. Ask Him to bring to your mind things you may have forgotten. When you are unsure or the memory is unclear, please indicate that in your response. Do not rush through this personal review. This process helps stir up memories you want to address during your freedom appointment.

This information will be kept confidential and only be shared with the person arranging your freedom appointment so they can select the appropriate ministry team. The team includes the Encourager (appointment facilitator) and a Prayer Partner to assist the process.

The CLR is a fillable form you can type on directly. You must save the completed form to your device before attaching and returning it to your leader. You can also print the CLR, fill it out by hand, and scan the pages to return them to your leader. If you have any problems with the digital document or have questions, please contact the person arranging your freedom appointment.
